Dear Stephen

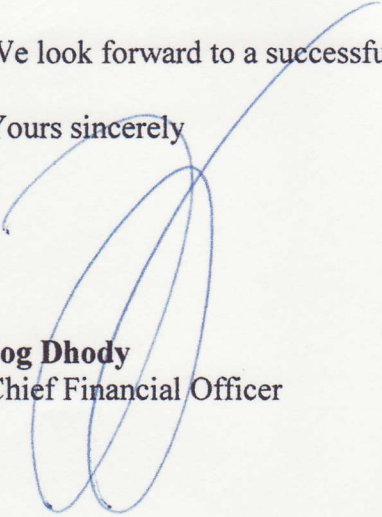

We have completed our P4i and I am pleased to be able to report that we have engaged Mteq to deliver a project which will focus upon re-engineering and consolidating Head Office Finance processes, reporting systems and pertinent structure.

As discussed during the final P4i presentation it will be crucial to ensure that any changes to process or reporting systems are conducted with the full involvement of all relevant stakeholders ie The Executive and Operations.

I am pleased to note that your team was quickly able to grasp the complexities of our Finance function within a relatively short period of time while also developing good working relationships with senior stakeholders.

We look forward to a successful project delivery.

Yours sincerely

**Jog Dhody**  
Chief Financial Officer
